

FREE TITLE 24 TRAINING

For those new construction residential builders, subcontractors, energy consultants or HERS Raters in PG&E Territory, ConSol (through PG&E) is offering "FREE" Builder Energy Code Training (BECT) classes.

The BECT Program provides in-depth codes and compliance education to help the residential new construction and alterations building industry understand and comply with California's rigorous 2013 Title 24 Energy Code. Suggested attendees include residential builders, subcontractors for builders, architects, building department staff and other local government staff. The BECT Program is sponsored by PG&E and funded by California utility customers and administered by PG&E under the auspices of the California Public Utilities Commission (CPUC).

The approximate 4 hour course includes:

- * ELO 1 Methods of Compliance
- * ELO 2 Compliance Documentation
- * ELO 3 HERS Diagnostic Inspections
- * ELO 4 Fenestration
- * ELO 5 Insulation and Roofing
- * ELO 6 IAQ & Mechanical Ventilation
- * ELO 7 Water Heating & Distribution
- * ELO 8 Swimming Pools & Spa Heating
- * ELO 9 Lighting
- * ELO 10 Space Conditioning
- * ELO 11 Additions & Alterations

Class Dates, Locations and Times:

January 20th Stockton 8:30am to 12:30pm
